MESSAGE: MS crewmember arrived at the airport in Gulf Port Mississippi this afternoon and was met at the airport by his family.

Jim and I visited all crew locations today and discussed anticipated arrangements for the crews on 9/2 and 9/3. The MS, and the two NC crews (NCF and NCS) have been on initial attack attached to Districts for this past week of their assignment. The Districts are not staffed to enter their time into the computer like had been done when they were attached to fires with finance teams in Alaska, and the first days they arrived in Montana and Idaho. They will be

bringing their signed CTR's back to be processed by their home units for these past days they were attached to Districts on initial attack.

NRCC-MSO has not yet received a flight strip as of this evening for our module, but anticipates it will come in tomorrow. They did get verbal confirmation that the flight will take place on 9/3.
